

Corona rules from 24 November 2021

The three-level warning system with basic, warning and Alarm levels is extended by **Alarm level II**.

"**Basic level**: Hospitalisation incidence below 1.5 and no more than 249 intensive care beds occupied by COVID-19 patients.

"**Warning level**: From a hospitalisation incidence of 1.5 **or** from 250 intensive care beds occupied by COVID-19 patients (AIB).

"**Alarm level**: From a hospitalisation incidence of 3.0 **or** from 390 intensive care beds occupied by COVID-19 patients.

"**Alarm level II**: **From** a hospitalisation incidence of 6.0 **or** from 450 intensive care beds occupied by COVID-19 patients.

The **warning level** is declared if the hospitalization incidence reaches or exceeds 1.5 for two consecutive days **or** the utilization of intensive care beds in Baden-Württemberg reaches or exceeds 250. For non-vaccinated or non-recovered persons, PCR testing is mandatory in some areas at 3G, as well as contact restrictions of **1 household + 5 additional persons** (see exceptions).

The **Alarm level** is declared if the hospitalisation incidence reaches or exceeds 3.0 for two consecutive days **or** the occupancy rate of intensive care beds in Baden-Württemberg reaches or exceeds 390. For persons who have not been vaccinated or have not recovered, a ban on participation and access (2G) applies in some areas, as well as contact restrictions of **1 household + 1 additional person** (see exceptions).

Alarm level II is declared when the hospitalisation incidence reaches or exceeds 6.0 for two consecutive days **or** the occupancy rate of intensive care beds in Baden-Württemberg reaches or exceeds 450. In Alarm level II, 2G+ applies in certain areas. This means that even vaccinated and recovered persons must present a negative rapid or PCR test. Contact restrictions of **1 household + 1 other person** apply to those who have not been vaccinated or have not recovered (see exceptions).

If a **test, convalescent or vaccination certificate** is required, the organisers/operators/service providers/vendors are obliged to **check** these. They must check the information against an official identification document. Proof of health and vaccination must be checked electronically, for example with the [CoVPassCheck app](#).

Table of Contents Overview:

2: Mask requirement, 3G, 2G and 2G+
